GENERAL INDEX

FOR your convenience, there appears below a list of page numbers in the respective issues for 1939. The numbers in the first column indicate the page numbers of the general pages and those in the second column indicate which pages appear in the Proceedings of the American Association of Textile Chemists and Colorists.

The presence of the letter "P" before the page number, anywhere in this index, indicates that the article appeared in the above-mentioned Proceedings.

Date of Issue	No. of Issue	General Pages	Proceedings Pages
January 9	1	1 to 28	P11 to P18
January 23	2	49 to 50	P29 to P48
